Dr. Bushey provided an overview of a current demonstration project in The Villages (Florida), home

to over 125,000 residents. Dr. Bushey reported that Voyage provides an alternative means of transportation for those who cannot or choose not to drive. He provided background information on the program including the staff team, benefits of the service, technology, safety measures and staff contact information. Discussion ensued regarding lack of diversity, rider assistance, ADA compliance, and cost for the service, liability issues, storage on board and availability of a bike rack.

B. Follow-Up: Information on Kirkman Road Extension

Mr. Alex Trauger, MetroPlan Orlando staff, presented information that was requested at the February 27th Community Advisory Committee on the 2040 Long Range Transportation Plan modification related to the Kirkman Road extension. The next CAC meeting will be on May 22, 2019 at 9:30 a.m. As a reminder, the dates of the remaining CAC meetings for 2019 are: 6/26/19, 8/28/19, 10/23/19, 12/4/19. (There are no meetings scheduled in July, September or November.)

XI. MEMBER COMMENTS

Mr. R.J. Mueller commented that Lime Bikes will be leaving UCF at the end of the semester and they will be looking for a replacement bike share program on campus. He noted that bike litter was an issue with the dockless bikes and electric scooters were not a good option due to speed issues.

Mr. Nick Lepp addressed the railroad crossing question from the TIP amendment discussion. He told committee members that Quiet Zone funding focused on SunRail, whereas the TIP amendment funds were being used on other crossings outside the SunRail corridor.

Ms. Theresa Mott reported that the Apopka Art and Foliage Festival was scheduled for April 27th and 28th and she encouraged CAC members to attend.

Mr. Rob McKey asked about any plans to widen the section of the Turnpike from Oakland to I-75. Staff will look into this question and respond.

Ms. Cynthia Lambert told CAC members that she recently met with a representative from JUMP, Uber's electric bike share division, and they may be entering the local market.

Mr. Tom O'Hanlon thanked Mr. McKey for his service.

Ms. Karolyn Campbell reported that the Bike Five Cities event was May 4th and participants could bike the entire route or start at any of the participating cities.

Mr. Jeff Piggrem commented that he appreciates Nick and Alex's efforts. He questioned whether work widening Sand Lake Road at Kirkman Road was going to be eliminated once the Kirkman Road extension was constructed resulting in funding being wasted. Mr. Piggrem wanted to know how this issue could be mitigated by FDOT in the future.

Ms. Venise White commented that Seminole Health Department recently held their 5th Annual 5K, Live, Work, Move, and she offered kudos to the City of Casselberry for their complete street efforts.

Ms. Sarah Elbadri called attention to MetroPlan Orlando's Corrine Drive public meeting being held May 1st.

XII. PUBLIC COMMENTS (GENERAL)

Mr. David Bottomley commented that the dockless bicycles are left scattered around and there needs to be a clear four foot path to meet ADA requirements. In addition, he commented that by his interpretation of section four of the CAC bylaws a quorum should be sixteen and that quorum has not always been met. Ms. Lambert reported that there is a phone number to call to have improperly placed dockless bicycles picked up.

XIII. ADJOURNMENT

There being no further business, the meeting adjourned at 11:09 a.m.

Respectfully transcribed and submitted by Ms. Cathy Goldfarb, MetroPlan Orlando.

Approved this 22nd day of May 2019.

Ms. Cathy Goldfarb,
Senior Board Services Coordinator

A REGIONAL TRANSPORTATION PARTNERSHIP

Memorandum

May 15, 2019

To: Community Advisory Committee
From: Mighk Wilson, Bicycle & Pedestrian Planner
Subject: May 2019 Bicycle & Pedestrian Activity Update

Orange County

Progress has been made on the construction of Shingle Creek Trail Phase I, Segment I (Grand Opening held in January 2019), with Phase I, Segment 3 and Phase 2 both planned for construction in FY19/20 (4.7 mi of trails). There are an additional 4.4 miles of the Shingle Creek Trail currently being designed. Other trails that are in or have recently concluded the planning stage include Pine Hills Trail Phase II, Lake Apopka Connector Trail, West Orange Trail Phase IV and Little Econ Greenway Gap Trail.

Leading Pedestrian Intervals – Orange County is utilizing a consultant to provide the warrant analysis for 20 intersections and within a 2 mile radius of 5 schools that have high incidents of pedestrian and bicycle crashes. The County is also working on the development of a policy that allows for LPI's to be implemented in areas that fall under the certain context classifications without a warrant analysis and developing a policy to screen intersections for future LPI implementation.

Wheatley Road Safety Audit – Orange County is completing fieldwork for an area wide safety study near the South Apopka area.

Safety Outreach – Orange County is installing safety messages on traffic signal cabinets in high-crash areas, like John Young/Oak Ridge, and sidewalk pavement safety messages at UCF, Valencia College, and Full Sail University.

School Zones – Orange County is completing studies of all school zones for implementation of current FDOT standards and programming improvements.

Pedestrian Studies and Improvements – Orange County is completing a pedestrian study of the Wyndham Lakes area and improvements to the pedestrian features of the Wyndham Lakes roundabout are currently under construction.

Raised Pedestrian Crossings – Orange County has installed one raised crosswalk at a school crossing and is installing two more also at school crossings.

Pedestrian and Bicycle Safety Action Plan – Orange County will be starting a second phase in this fiscal year to define low-stress networks for bicycling, develop implementation strategies and performance measures, and conduct public outreach.

Sand Lake Road and Pine Hills Road Safety Improvements – Orange County has received bids for engineering services for final design of improvements and will be awarding these contracts shortly.

ProjectTrak – Orange County has implemented an online mapping website at <http://www.ocfl.net/projecttrak> that provides updates on transportation, safety, and other projects.

Osceola County

The County is completing the final edits to the Trails Master Plan that will build upon the existing and planned trail assessment in order to develop a comprehensive list of all potential trail projects throughout the Osceola County Trail Network Focus Area. In addition to the Trails Master Plan, Osceola County Transportation & Transit is hard at work on a variety of pedestrian & bicycle safety projects including Safe Route to School sidewalks and a concept feasibility study that will inform the design of a multi-use path connecting NeoCity, Downtown Kissimmee, and the Neptune Road area. Lastly, Osceola County is working with the folks at Best Foot Forward again this year conducting pedestrian safety operations around the County to educate drivers and save lives.

Seminole County

Under Design:

Lake Monroe Trail Loop – 3.5 mile trail along the east side of Mellonville Avenue and the north side of Celery Avenue from Sanford’s Riverwalk to SR 415 wide sidewalk trail connection.

Cross Seminole Trail Missing Link (Winter Springs) – 0.7 mile trail connecting two sections of the Cross Seminole Trail.

EE Williams Trail – 1.4 mile trail along EE Williams Road from SWT to Lake Emma Road.

Construction:

Seminole/Wekiva Trail – Longwood Markham Road – 1.5 mile Trail along Longwood Markham Road connecting the Seminole/Wekiva Trail to the future Wekiva Parkway Trail
