## 2020 Legislative Priorities and Positions

Adopted December 11, 2019

---

### Top priorities:

- Seek funding for further expansion of the Best Foot Forward pedestrian safety program
- Change existing laws to include bicyclists as vulnerable road users (cyclists) in current Move Over Law (316.126 F.S.)

### We support legislation that:

- Protects the State Transportation Trust Fund
- Protects Transportation Disadvantaged funding for paratransit (ACCESS LYNX) service
- Authorizes an exception to F.S. 934.50 to allow for the use of drone technology for traffic incident management and/or emergency response.
- Allows Strategic Intermodal System (SIS) funds to be used on roads and other transportation facilities not designated on the SIS if the improvement will enhance mobility or support freight transportation on the SIS. *(NOTE: This item also includes consideration of TSMO projects that enhance mobility.)*
- Establishes flexible and predictable funding for transit projects (capital and operating) identified through the metropolitan transportation planning process by removing various funding limitations for the State Transportation Trust Fund (STTF)
- Restores Transportation Regional Incentive Program (TRIP) funding in order to promote regional planning and project development.
- Supports the advancement of innovative transportation mobility solutions and policies that make Florida the national leader in creative approaches to addressing transportation needs
- Provides flexibility in the use of local option discretion taxes such as Charter County & Regional Transportation System Surtax and the Local Government Infrastructure Surtax.

### Monitor legislation that:

- Regulates distracted driving by prohibiting the use of handheld two-way electronic wireless communications devices and other similar distracting handheld devices while operating a motor vehicle on any roadway.
