INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
MetroPlan Orlando
Orlando, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of MetroPlan Orlando (the “Organization”) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Organization’s basic financial statements, as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Directors of
MetroPlan Orlando

Opinions

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Organization as of June 30, 2016, and the respective changes in financial position thereof and the respective budgetary comparison for the General Fund and the Major Special Revenue Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Organization's basic financial statements as a whole. The introductory section and other supplementary information, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis, as required by the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), and is also not a required part of the financial statements. The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole. The introductory section and other supplementary information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

To the Board of Directors of
MetroPlan Orlando

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2016 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2016

Our discussion and analysis of MetroPlan Orlando's (the "Organization") financial performance provides an overview of the Organization's activities for the fiscal year ended June 30, 2016. Please read it in conjunction with the financial statements and accompanying notes, which begin on page 9.

Overview of the Financial Statements

The organization-wide and fund financial statements are combined for this annual report, as all activities of the Organization are governmental activities. The report consists of the organization-wide and fund financial statements, notes to the financial statements, and other supplementary information. The statements are designed to provide readers with a broad overview of the Organization's finances in a manner similar to a private-sector business.

The Statement of Activities and Governmental Funds Revenues, Expenditures, and Changes in Fund Balances presents information on how the Organization's net position changed during the most recent fiscal year. The Organization uses the economic resources measurement focus and the accrual basis of accounting. All changes in Net Position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., grants receivable and earned but unused personal leave). These governmental activities are primarily supported by member assessments and operating grants.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Organization uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the Organization's special revenue programs are shown combined, as all are federal and state reimbursable operating grants.

The notes to the financial statements provide additional information essential to a full understanding of the basic financial statements. Included in the notes is information on the reconciliation between the government-wide and fund financial statements. The notes to the financial statements begin on page 12 of this report.

Financial Analysis - Government-Wide

The Statement of Net Position and Governmental Funds Balance Sheet presents information on all of the Organization's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Organization is improving or deteriorating.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2016

Financial Analysis - Government-Wide (Continued)

Total net position (assets less liabilities) at the end of Fiscal Year 2016 was \$4,843,829, up 3.2%, or \$151,824, from last year as revenues were greater than expenditures. Net position is separated into two distinct categories: net investment in capital assets and unrestricted net position. Net investment in capital assets (furniture, equipment, and software) represents 7.6% of total net position and is not available for future spending. The balance of \$4,474,040 represents unrestricted net position and is available to meet the Organization's obligations to its partners and citizens.

Financial Analysis - Fund Level

Governmental funds provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Organization's financing requirements. The General Fund is the chief operating fund of the Organization. Total assets in the General Fund decreased 1.4%, or \$68,951, comprised of a \$250,976 decrease in cash and cash equivalents, an increase in Due from Other Funds and receivables of \$211,006, a decrease of prepaid items of \$14,860, and a decrease in deposits of \$14,121. Due from Other Funds represents reimbursable grants and is up 71.0%, or \$210,063 due to more grant billings at year end. Due from Other Governments in the Special Revenue Fund was up 77.9%, or \$440,731, for the same reason.

Accounts Payable in the Special Revenue Fund was up 85.5%, or \$500,340. Ninety-two percent or \$493,767 of all accounts payable balances were comprised mostly of year-end billings for consultant fees and pass-through dollars and are reimbursable expenses as addressed under Due from Other Funds in the above paragraph.

The Organization is in good financial condition. At the end of the current fiscal year, Unassigned Fund Balance of the General Fund was \$4,697,262, while total Fund Balance reached \$4,875,122, the difference being a non-spendable amount for prepaid items of \$38,167 and rent deposits of \$20,000. Due to the advanced funding requirement of reimbursable grants and the timing of revenues from local funding partners, it is important that the Organization maintain a minimum amount of General Fund liquidity to maintain operations. An Unassigned Fund Balance of approximately \$1,378,224 or one-third of Governmental Fund expenditures (\$4,134,671) appears warranted as a minimum. However, due to the reliance on federal and state grants as the major funding for the Organization and the potential for delays or cuts to that funding, the Organization strives for higher reserve balances to withstand potential gaps or cuts in funding.

Revenues in the General Fund were up \$119,757, or 10.9%, compared to the prior year. The majority of the increase was from landlord reimbursements for tenant improvements in MetroPlan Orlando's new office space (\$71,089).

MetroPlan Orlando
A Regional Transportation Partnership

MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2016

Expenditures and transfers out were \$1,273,285 in the General Fund, which represents an increase of \$325,237, or 34.3%, over last year. This change within the General Fund is comprised mostly from an increase in community relations and advertising of \$71,547 due to an increased contribution to Bike/Walk Central Florida and a new contribution to Teens Drive Alert. Both contributions are for safety campaigns designed to increase bicycle and pedestrian safety in Central Florida. Additional changes include an increase to salary and fringe benefits of \$50,919 due to more employee salary charged to the General Fund in FY 2016 than in FY 2015; an increase in equipment and furniture of \$173,939 related to the relocation of MetroPlan Orlando offices; and an increase in software of \$29,559 related to a new MetroPlan Orlando website.

Budgetary Variations

A comparison of the original budget, final amended budget and actual amounts can be found on page 11 of this report. Transportation expenditures in the General Fund were \$243,149 less than budget due to unfilled staff positions, projects not completed in FY 2016, and unexpended grants in FY 2015 carried forward to FY 2016 and expended in a higher priority than the General Fund during FY 2016. Miscellaneous revenues in the General Fund were \$346,842 less than budgeted for the same reasons.

Special Revenue Fund revenue was \$759,242 less than budget, and expenditures were \$834,970 less than budget due to the reasons stated above for the General Fund. Additionally, about one-third of the FTA grant funds are budgeted for FY 2016 to cover the first three months of the fiscal year when new FTA funds are not yet available.

Capital Assets and Long-Term Debt

The Organization's investment in capital assets, net of accumulated depreciation, as of June 30, 2016 and 2015 amounted to \$369,789 and \$163,040 respectively. Major additions to fixed assets included \$210,657 for office furniture, A/V equipment, and tenant improvements related to MetroPlan Orlando's move to new office space. MetroPlan Orlando was reimbursed \$71,089 from the landlord for some of the improvements. Capital assets consist of equipment, furniture, and software used by the organization in its daily operations.

The Organization's long-term debt is comprised solely of employee's accrued compensated absences. As of June 30, 2016, the Organization had \$281,389 in accrued compensated absences, of which \$24,955 is considered to be due within one year. A more detailed explanation of compensated absences can be seen in the notes to the financial statements.

MetroPlan Orlando
A Regional Transportation Partnership

MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2016

Economic Factors and Next Year's Budget and Rates

The Organization anticipates funding from local assessment revenues to increase slightly in FY 2017. Local funding partners, other than operating agencies and the Municipal Advisory Committee members, contribute \$0.50 per capita. Due to a future trend of increasing population in the region, it is expected that local revenue will also increase by the same percentage.

In addition to building reserves to meet planning needs, the Organization is actively pursuing other grant sources and partnering with others in the region to bring additional funds to the region. Contributions are expected to continue from neighboring MPOs to help support the work of the Central Florida MPO Alliance and FDOT/Central Office will provide funding for us to manage a new, regional transit study for a 10-county area. Additional opportunities may open up for discretionary grants from state and federal agencies.

Long-range plans are anticipated to be a more challenging effort in the future with new MAP-21 performance measures and other new requirements that have been announced as part of a broader federal transportation program. The Organization has integrated these new requirements into its work program. Additional studies are anticipated for new corridors, freight, rail, expanded bus service, bus rapid transit, other transit services, trails, complete streets, and technology-related enhancements that will benefit traffic operations and improve safety. In addition, the Organization is engaged in identifying prospective opportunities for additional capital and operating funds to meet the region's future transportation needs.

Requests for Information

This financial report is designed to provide a general overview of the Organization's finances for all those with an interest in the Organization's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance and Administration, MetroPlan Orlando, 250 South Orange Avenue, Suite 200, Orlando, Florida 32801-3441.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. The Reporting Entity

The Orlando Urban Area Metropolitan Planning Organization d/b/a MetroPlan Orlando/A *Regional Transportation Partnership* (the “Organization”) is a voluntary association of local governmental units organized under the authority of Chapter 339.175 of the Florida Statutes in accordance with the 1962 Federal Aid Highway Act. Its primary purpose is to provide leadership in the initiation and development of transportation plans and programs and the establishment of transportation priorities and strategies in Orange, Seminole, and Osceola Counties. Board membership is apportioned by the Governor of Florida and interlocal agreements among the various governmental entities within the Orlando and Kissimmee Urbanized Areas on the basis of equitable population ratio and prevailing federal and state laws. Membership is comprised of representatives of Orange County (6); Osceola County (1); Seminole County (2); City of Orlando (2); (1) each for the Cities of Altamonte Springs, Apopka, Kissimmee, and Sanford; Greater Orlando Aviation Authority (1); Central Florida Expressway Authority (1); Sanford Airport Authority (1); Central Florida Regional Transportation Authority (LYNX) (1); and the Municipal Advisory Committee (MAC) (1). The MAC is a committee of the board comprised of smaller cities in the region that do not have a full voting seat on the board. Representatives from the Florida Department of Transportation and Kissimmee Gateway Airport and the Chairpersons of the Technical Advisory Committee, the Transportation System Management & Operations Advisory Committee, and the Community Advisory Committee serve as non-voting advisors.

The accompanying financial statements present the financial position and results of operations of the applicable funds controlled by or dependent upon the Organization. In evaluating the Organization as a reporting entity, management has addressed all potential component units for which the Organization may or may not be financially accountable and, as such, are includable within the Organization’s financial statements. No component units exist which would require inclusion in the Organization’s financial statements.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Organization. The effect of interfund activities has been removed from these statements. The Organization only has governmental activities and does not engage in any business-type activities. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges for services, which include member assessments; 2) operating grants; and 3) miscellaneous revenues. General revenues include interest income. Fund financial statements are presented for the Organization’s General and Special Revenue Funds. Both of these funds are considered to be major funds. The Special Revenue Fund is used to account for federal and state funded transportation planning activities.

MetroPlan Orlando
A Regional Transportation Partnership

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. When both restricted and unrestricted resources are available for use, it is the Organization's policy to use restricted resources first, then unrestricted resources, as they are needed.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Organization considers revenues to be available if they are collected within 90 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

D. Fund Balances and Spending Order

The Organization classifies governmental fund balances as follows:

- Non-spendable Fund Balance - represents fund balance that is (a) not in a spendable form, such as prepaid items or (b) legally or contractually required to be maintained intact, such as an endowment.
- Restricted Fund Balance - consists of amounts that can be spent only on the specific purpose stipulated by law or by the external providers of those resources.
- Unassigned Fund Balance - represents the residual classification of fund balance and includes all spendable amounts not contained within the other classifications of the General Fund.

When both restricted and unrestricted resources are available for use, it is the Organization's policy to use restricted resources first, and then unrestricted resources, as they are needed for their intended purposes.

MetroPlan Orlando
A Regional Transportation Partnership

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

E. Budgets and Budgetary Accounting

On or before July 1 of each year, the Organization adopts an annual budget on a generally accepted accounting principles (GAAP) basis sufficient to support the anticipated Unified Planning Work Program (UPWP) for the year. The budget is adopted at the fund level and includes combined revenues from all sources, including federal, state, local and private grants-in-aid, contracts, fees, and such other funding sources legitimately available to the Organization. The level of budget control is at the UPWP task level. Florida Department of Transportation requires all metropolitan planning organizations to develop a two-year UPWP, consisting of the first year ending on an odd fiscal year date and the second year ending on an even fiscal year date. The second year is considered preliminary for budget purposes as all revenues, especially federal and state grants, are estimated for year two. It is the policy of the organization to revise the second year budget prior to the start of the Fiscal Year.

F. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and investments in the State Board of Administration Local Government Pooled Investment Accounts.

G. Prepaids

Prepaids represent payments made to vendors for services that will benefit beyond June 30, 2016.

H. Office Furniture, Fixtures and Equipment

Office furniture, fixtures and equipment purchased in the Governmental Fund Types are recorded as expenditures at the time of purchase. It is the Organization's policy to capitalize property and equipment over \$1,000. Lesser amounts are expensed. Gifts or contributions of capital assets are recorded at fair market value at the time received. Depreciation has been expensed on capital assets as a direct charge using the straight-line method over the estimated useful lives of the various classes of depreciable assets, which range from 3-15 years.

I. Compensated Absences

It is the Organization's policy to grant employees personal leave based upon the number of years of employment with the Organization. Personal leave may be used as time off or, upon resignation or retirement with two weeks' notice, shall be paid up to the maximum the employee would earn in three years. The Executive Director shall be paid up to the maximum earned in four years. The Executive Director may also participate in a personal leave buy-

MetroPlan Orlando
A Regional Transportation Partnership

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

back during each contract year, up to a maximum of four weeks of accumulated leave. Such leave pay shall be made at the employee's current rate of pay. Employees who terminate prior to completion of six months continuous service will not be paid for any accrued personal leave time.

J. Indirect Costs

Certain administrative costs are recorded in the General Fund as indirect costs in the Organization's accounting system and are allocated to the Special Revenue Fund based upon an indirect cost rate appropriate in the circumstances. The rate is based upon direct salary and fringe benefit costs and is calculated using actual indirect costs.

K. Grants

Revenues received or used from grants for governmental funds are recognized as current revenues when they become subject to accrual that is both measurable and available (modified accrual basis).

L. Interfund Transfers

Interfund transfers are between the Organization's General and Special Revenue Funds and represent the local match, where required, for federal and state grants received or excess revenue or expenditures from performance-based grants. All grants are cost reimbursable grants, except for the Transportation Disadvantaged grant, which is performance-based and is reimbursed as tasks are completed. Eligible project costs are 100% advance-funded by the General Fund.

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Adjustments were made to include capital assets (net of accumulated depreciation) and long-term liabilities on the statement of net position. This resulted in a net difference between ending governmental fund balances and total net position of \$88,400. Interfund payables and receivables were also eliminated.

Ending governmental fund balances	\$ 4,755,429
Capital assets, net	369,789
Accrued compensated absences	(281,389)
Total net position	\$ 4,843,829

MetroPlan Orlando
A Regional Transportation Partnership

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
June 30, 2016

**NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS -
Continued**

Adjustments were made to include depreciation expense, eliminate capital outlay expenditures, and record the increase in compensated absences on the statement of activities. This resulted in a net difference between "excess of revenues and transfers in over expenditures and transfers out" and "change in net position" of \$204,059.

Excess of revenues and transfers in over expenditures and transfers out	\$ (52,235)
Less: Depreciation expense	(55,927)
Increase in compensated absences	(2,690)
Add: Capital outlay expenditures	262,676
Change in net position	<u><u>\$ 151,824</u></u>

NOTE 3 - DEPOSITS AND INVESTMENTS

Authorized Investments

The Organization may invest surplus funds in the Local Government Surplus Trust Funds Investment Pool, now called the Florida Prime, (State Board of Administration, "SBA"); negotiable direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by the United States Government at the then prevailing market price for such securities with remaining maturities not exceeding one year; demand deposits and interest-bearing time deposits, money market, or savings accounts in banks organized under the laws of Florida, in national banks organized under laws of the United States, in savings and loan associations which are under state supervision, or in federal savings and loan associations organized under federal law and federal supervision, provided that each such firm shall be doing business and is situated in the tri-county area, and further provided that any such deposits are collateralized, as may be prescribed by Chapter 280, Florida Statutes.

Cash in excess of current requirements is invested in various interest-bearing securities and is classified as investments. Investments are recorded at fair market value and consist entirely of money market funds whose fair market value approximates cost.

Deposits

Deposits consist of interest and noninterest-bearing demand accounts. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral, pursuant to the Public Depository Security Act of the State of Florida.

MetroPlan Orlando
A Regional Transportation Partnership

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
June 30, 2016

NOTE 3 - DEPOSITS AND INVESTMENTS - Continued

Investments

The Organization is authorized to invest in investment vehicles, as defined in the written investment policy which was approved by the Board. The policy specifies the authorized investment vehicles which, among others, include the Local Government Surplus Trust Funds Investment Pool (State Board of Administration, "SBA"), negotiable direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by the United States Government at the then prevailing market price for such securities with remaining maturities not exceeding one year, for certain money market funds and repurchase agreements. The policy also specifies the portfolio allocation which is intended to meet the Organization's specified goals, in order of priority of safety, liquidity, and yield.

The Florida Prime is considered an SEC 2a-7-like pool, an external investment pool that is not registered with the Securities and Exchange Commission as an investment company but, nevertheless, has a policy that it will, and does, operate in a manner consistent with Rule 2a-7 under the Investment Company Act of 1940. Thus, the account balance should also be considered the fair value of the investment. The LGIP is rated by Standard and Poor's with a current rating of AAA. The Fund rating is reviewed weekly. The weighted average days-to-maturity (WAM) of the LGIP, the Florida Prime, at June 30, 2016, was 39 days. Currently, all of the Florida Prime balance for the Organization is eligible for withdrawal.

As of June 30, 2016, the Organization has the following balances invested:

	<u>Fair Value</u>
Bank Demand Deposits	\$ 2,209,352
Petty Cash	125
State Board of Administration:	
LGIP-Prime	2,099,832
Total Deposits and Investments	<u><u>\$ 4,309,309</u></u>

NOTE 4 - CAPITAL ASSETS

The following is a summary of changes in capital assets during the fiscal year:

	Balance July 1, 2015	Increases	Decreases	Balance June 30, 2016
Capital Assets not being depreciated:				
CIP - Software	\$ -	\$ 42,200	\$ -	\$ 42,200
Capital Assets being depreciated:				
Office furniture, fixtures and equipment	455,913	220,477	(42,815)	633,574
Less: Accumulated depreciation	(292,873)	(55,927)	42,815	(305,985)
Total Capital Assets, net	<u>\$ 163,040</u>	<u>\$ 164,550</u>	<u>\$ -</u>	<u>\$ 369,789</u>

NOTE 5 - LONG-TERM DEBT

During the year ended June 30, 2016, the following changes occurred in long-term liabilities:

	Balance July 1, 2015	Increases	Decreases	Balance June 30, 2016	Due Within One Year
Accrued compensated absences					
	<u>\$ 278,699</u>	<u>\$ 209,908</u>	<u>\$ (207,218)</u>	<u>\$ 281,389</u>	<u>\$ 24,955</u>

NOTE 6 - LEASE OBLIGATIONS

The Organization leases office facilities and other equipment under non-cancelable operating leases.

- A. On June 8, 2015, the Organization entered into a ten-year lease agreement for new office space with ten months of free rent outside the lease term. Monthly rates for the new lease period range from \$20,000 in 2016 to \$27,000 in 2026, with one free month in each of the first ten years of the lease.

MetroPlan Orlando
A Regional Transportation Partnership

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
June 30, 2016

NOTE 6 - LEASE OBLIGATIONS - Continued

- B. The Organization entered into a new copier lease in July, 2015, extending from July, 2015, through August, 2020. Under the terms of the lease, monthly rentals are \$1,118, including a base year fee of \$135 per month with a yearly escalator to cover a set amount of copies and toner.
- C. In July, 2013, a 48-month lease agreement was entered into for a new mailing system, which expires in June, 2017. The quarterly lease payment is \$351.

The future minimum lease payments as of June 30, 2016, are as follows:

Year Ending June 30	Building	Copiers	Mail Machine	Total
2017	\$ 223,000	\$ 13,414	\$ 1,404	\$ 237,818
2018	229,683	13,414		243,097
2019	236,550	13,414		249,964
2020	243,642	13,414		257,056
2021	250,967	1,118		252,085
2022	258,475			258,475
2023	266,208			266,208
2024	274,217			274,217
2025	282,458			282,458
2026	317,800			317,800
2027	107,500			107,500
	\$ 2,690,500	\$ 54,774	\$ 1,404	\$ 2,746,678

Building rent expense for the year ended June 30, 2016, was \$206,567.

NOTE 7 - EMPLOYEE BENEFIT PLAN

The Organization maintains the MetroPlan Orlando Money Purchase Pension Plan and Trust, a defined contribution pension plan. This is a tax-qualified plan pursuant to Section 401(a) of the Internal Revenue Code. This plan was established as of January 1, 1997, by the Board of the Organization. All full-time employees and regular part-time employees working 30 hours a week or more are eligible to participate in the plan upon employment. Participants become vested after one year of continuous employment.

MetroPlan Orlando
A Regional Transportation Partnership

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
June 30, 2016

NOTE 7 - EMPLOYEE BENEFIT PLAN - Continued

The Organization is required to contribute 10% of the salaries of eligible employees to the plan. Salaries include W-2 earnings plus any contributions made pursuant to a salary reduction agreement, which was not included in the gross income of the employer under Section 457 of the Internal Revenue Code. Employees may not contribute to the plan. For the year ended June 30, 2016, MetroPlan Orlando recognized employer contributions of \$135,686 in connection with the plan, \$2,026 of which was accrued at June 30, 2016, and paid subsequent to that time.

An outside party, the International City Management Association Retirement Corporation (ICMA) administers the plan with all funds invested with the ICMA Retirement Trust. Investments are self-directed by the employee. The normal retirement age has been designated by the employer as age 55. The plan permits withdrawals for retirement, termination, and disability. The plan does not allow participants to borrow against their accounts.

NOTE 8 - RISK MANAGEMENT

The Organization is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Organization purchases commercial insurance for all types of claims with nominal deductible amounts. The following is a summary of the Organization's significant insurance coverage and limitations:

Coverage	Limitations
General/Professional Liability (Includes errors & omissions; and employee benefits program administration)	\$200,000 - Each person \$300,000 - Each occurrence \$500,000 - Combined single limit, per occurrence
Information Security & Privacy Liability	\$250,000 - Each claim
Fiduciary Liability (Pension Plan) Fiduciary Liability (Deferred Compensation Plan)	\$1,500,000 - Aggregate all claims \$500,000 - Aggregate all claims
Auto Liability	\$200,000 - Each person \$300,000 - Each occurrence \$500,000 - Combined single limit, per occurrence
Terrorism Physical Loss/Damage	\$5,000,000 - Aggregate per year

MetroPlan Orlando
A Regional Transportation Partnership

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
June 30, 2016

NOTE 8 - RISK MANAGEMENT - Continued

Property Damage (Includes personal property; inland marine; computer equipment and software)	\$402,800 - Personal property No Limit - Inland marine
Executive Travel Accident	\$250,000 - Per occurrence
Worker Compensation - Statutory	\$1,000,000 - Each accident \$1,000,000 - Each disease (policy limit) \$1,000,000 - Aggregate by disease

There have been no significant reductions in insurance coverage during Fiscal Year 2016. There have been no insurance claims in the past three years. Adjustments in fiduciary liability were made in 2016 to better align with plan assets, however, total coverage for the two plans remains the same in aggregate.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

Intergovernmental Grants

Amounts received or receivable from grantors are subject to audit and adjustment by grantor agencies, principally federal and state governments. Any disallowed claims, including amounts already collected, may constitute a liability of the General Fund. The amount, if any, of expenditures, which may be disallowed by the grantor, cannot be determined at this time, although the Organization expects such amounts to be immaterial.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of
MetroPlan Orlando
Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of MetroPlan Orlando (the "Organization") as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Organization's basic financial statements, and have issued our report thereon dated September 23, 2016.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Directors of
MetroPlan Orlando

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

To the Board of Directors of
MetroPlan Orlando
Orlando, Florida

Report on the Financial Statements

We have audited the financial statements of MetroPlan Orlando (the “Organization”) as of and for the fiscal year ended June 30, 2016, and have issued our report thereon dated September 23, 2016.

Auditor’s Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”); and Chapter 10.550, *Rules of the Auditor General*.

Other Reports and Schedule

We have issued our Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor’s on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance; and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedule, which are dated September 23, 2016, should be considered in conjunction with this management letter.

Other Matters

Section 10.544(1)(i)2., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we had the following recommendation:

2016-001 – Information Technology

Observation:

During our audit of the Organization’s financial statements, an evaluation of the Organization’s IT systems was performed. During this evaluation, we noted areas which we believe could improve the Organization’s IT systems. These recommendations were brought to the attention of the responsible personnel and management and the specifics of our recommendations were discussed in detail with the responsible personnel.

Criteria:

In order to keep the Organization’s IT environment safe and secure, security must remain a key concern and function of a properly operating IT system. As with any control, management must make the ultimate cost-benefit analysis to determine what risks to security the Organization is willing to accept.

To the Board of Directors of
MetroPlan Orlando

Recommendation:

We recommend that management evaluate each of the recommendations noted under our observations and consider the most efficient and effective way to address them.

Management's Response:

Management believes strongly in having an IT system that is safe and secure. Data integrity, system security and business continuity are of utmost importance. As such, we feel that we have taken important steps to protect the IT system and prepare for unforeseen risks. We also understand that there is always room for improvement. Some of the recommendations have already been implemented while further research is required on other recommendations for applicability and costs. New policies, processes, or infrastructure will be added where we feel it is an overall benefit to the Organization.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

September 23, 2016

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of
MetroPlan Orlando
Orlando, Florida

Report on Compliance for Each Major Federal Program

We have audited the compliance of MetroPlan Orlando (the “Organization”) with the types of compliance requirements described in the U.S. Office of Management and Budget *OMB Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended June 30, 2016. The Organization’s major federal program is identified in the summary of auditor’s results section of the accompanying Schedule of Findings and Questioned Costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for the Organization’s major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Organization’s compliance.

Opinion on the Major Federal Program

In our opinion, the Organization complied, in all material respects, with the types of requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2016.

To the Board of Directors of
MetroPlan Orlando

Report on Internal Control over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Unified Planning Work Program Section 5305(d) - 2015/2016 - X010-00	20.505	AQG29	<u>376,173</u>
Total CFDA 20.505			<u>749,077</u>
Total Expenditures of Federal Awards:			<u>\$ 2,669,927</u>

Note to Schedule:

The accompanying Schedule is presented using the modified accrual basis of accounting. Under the modified accrual basis, revenue is recognized if it is measurable and available for use during the year. Expenditures are recognized in the period liabilities are incurred, if measurable. The amounts reported in the Schedule have been reconciled to and are in material agreement with amounts recorded in the Organization's accounting records from which the basic financial statements were prepared. The Organization did not elect to use the 10% de minimis indirect cost rate.
